

Education and Workforce Pathways Grant

The Education and Workforce Pathways Grant assists young people looking to continue their education or to support those looking for work.

This grant could help with paying education fees, accessing technology to support work or education needs, or purchasing work related attire such as safety gear.

To qualify, you need to:

- Be between 15 and 25 years old
- Have identification (or government letter) to demonstrate that your residence was in a bush-impacted area, and proof of residence (e.g. utility bill)
- Provide evidence of school or course enrolment
- Provide evidence around your workforce situation—this will be discussed with you

Approved for grant, bank statement or internet banking screenshot, letter showing your name; bank name; BSB; and account details, will be required. This is so we can transfer funds to our account.

To apply or for more information, please contact The Salvation Army's bush-impacted disaster team on 1300 662 217 or email s.disasters@salvationarmy.org.au
